## BOB-BOB-BOBBIN' ALONG...

A message from our President

My Stupendous September Subjects,

Q.U.I.L.T. MEETING:  
SEPTEMBER 24TH  
7:00PM

ST. THOMAS' EPISCOPAL  
CHURCH  
SPRINGDALE

AUG / SEPT  
BIRTHDAYS  
BRING  
SNACKS

I am writing to you from North Dakota. We took the kids wading in a lake today--it was 57 degrees and cloudy--not exactly bathing suit weather! I'm hoping to get to stop at a quilt shop tomorrow in Carrington, ND. It will be my reward for being a good girl!

I look forward to seeing all of you on the 24th. Alice McElwain will be doing our program about quilts and the Civil War, a subject I have been interested in for a long time. I will be interested to find out what her research has turned up about myths and facts concerning the role quilts played in that conflict.

I hope everyone enjoyed Jane Sassaman last month! Her fabrics are outstanding and her journey as an artist was inspiring. She was so down to earth and approachable. I wish everyone could have taken her class. Our program chairmen, both past and present, do such a good job bringing us people to inspire and entertain us. Be sure to let them know that you appreciate all they do.

As of the end of last month's meeting we have 189 members! Wow! Be sure to welcome anyone you don't know. They may be brand new or not. I love that we are sharing our wonderful group with so many in the community, but I don't want us to sacrifice our warm, friendly "small town" attitude as we grow. I feel we are growing because we are welcoming to everyone and passionate about quilting--we don't want to change that!

Your Galavanting  
Grand-Poopah,

Kathy

## *Congratulations to our Washington County Fair Winners!*

Jane Sassaman's  
Workshop

## Bountiful Bouquets

August 28th, 2015

Jane Sassaman was an engaged instructor who worked with each of us as we constructed our own “still life” featuring large scale florals. Prior to class I had found a fabric printed with multi-colored caladium leaves as my starting point. In class I purchased a half yard of one of Jane’s stylized fern prints that she identified as a vintage piece, that is, a fabric from one of her earlier collections. I knew when I saw it I wanted that unusual fern to go with my caladiums. No one else grabbed that piece, so I cut it up and arranged it in my black pot. To jazz up the pot I added a small band of black and gold lame gingham. When Jane saw that lame gingham she smiled and said she had some of that fabric in her stash.

I tried the fused appliqué technique Jane favors—thanks to Adele Atha sharing her fusible backing with me. The design process went smoother, too, because Suzanne Kitrell shared her roll of over sized tracing paper. (This is a product I found very useful.) However, at home I decided that fusibles are not for me and finished the project by piecing the background and hand appliquéing the top. I finished it on the 14th, using both hand and machine quilting. Sewing with quilting friends made the class fun, but we did miss Nora Krein who had been the one who last year arranged for Jane to teach this class.

-Paula Mariedaughter

My overall experience was that I laughed and learned a lot. The facility was great and the staff was friendly and helpful. The food was yummy and satisfying and there was plenty of chocolate. **My favorite aspect was the opportunity to be around such talented quilters**...especially Jane. The technique I learned was to look at fabric design and to keep different design motifs together (vs. mixing design motifs). I learned about two sisters (one from OK and one from Fayetteville) who came for the workshop. I observed their different styles for quilts and what inspires them. My inspiration for my project was Jane's presentation for QUILT. I did NOT finish my project but I plan to have it finished in time to donate it for the small quilt auction...ha,ha,ha.

- Kate Allen

## Bountiful Bouquets

August 28th, 2015

I really loved the Jane Sassaman workshop. The facility at B-Sew Inn was great. They had ironing boards and cutting stations set up, tables for all of us, plenty of plug ins, a screen for the video presentation, and a wonderful lunch. After showing many examples Jane taught us her collage technique of fussy cutting and appliquéing to create a picture with fabric. She was very hands on and went around the room several times giving us feedback and helpful critiques. Her fabrics were the inspiration--they are so gorgeous. I have not finished mine, but I had sewing machine issues and then left for North Dakota. I want to thank Nora Krein for bringing us this Super Star and Lori Jones for taking good care of her while she was here.

### **Tonight's Program: Jane Sassaman - Quilting Against the Odds**

Lori introduced Jane Sassaman, After a varied career in the design world, Jane began to quilt in 1980. She found these satisfied the draftsman, craftsman and the artist in her. She is now a dedicated quilt artist and fabric designer. Jane produced a slide show of her life through the years, what and who inspired her, her family and their life in the early years in Chicago. She also mentioned that while dating she met her husband's mother and she was the first quilter she knew. She and her husband always knew they would be artists just not sure what kind....She didn't find her "medium" until after graduation and she saw the quilt on the cover of "American Craft"....this was where her dream began and she immediately began making quilts. She joked that her first seams were 5/8" because that is what you learned in sewing in school. She learned many new techniques through the years to become the artist she is today. Her art quilts have been shown in many national and international exhibits, including Quilt National 1989-2005 and Contemporary American Quilts, the first major exhibit of American art quilts in England. Her quilt "Willow" was named as One of the 100 Best American Quilts of the Century and she is also the author of "The Quilted Garden". This book

includes 20 years of her work and exercises for making nature-inspired quilts. Her love of historic decorative arts can be seen in all facets of her work, but especially in the fabric she is currently designing for FreeSpirit. Every line of her fabrics has a story in them. Jane says that if you really want to do something you will find a way, and you never know where your path will take you. She stated, let the fabric do the work for you.

# NEVER

# FORGET

The *Freedom Quilt Experience* was commissioned to provide a backdrop for an exhibit of twisted pieces of metal from the World Trade Center. Originally designed for the 10th anniversary of 9/11, it is made from ten unique quilt panels, one panel for each of the ten years that had passed since 9/11/01. When put together, the quilt panels form a display 16 feet high and nearly 30 feet wide. Each panel was designed and sewn together by a different individual or quilt guild.
